

Alexandria- the antique city of ancient stunning architecture!

By David H Urmann

The city of Alexandria is one of those few cities which boasts of a large number of places to see. It has always enjoyed a great deal of popularity as being one of the highly sought after vacation places. With a rich and wide-ranging heritage and ancient past of its own you'll find many innovative architectural sites here.

Bibliotheca Alexandrina

Although this most renowned building is a library building in Alexandria city, it has some of the most phenomenal stunning architecture. In comparison with other cities like Cairo the Alexandria city is very modernistic. Each structure within this large cylindrical shaped building has a definite utility and aim. Even the design of the support pillars are just like of the Lotus, thus incorporating a little of Egyptian culture in it. The chairs are ergonomically designed are catering to orthopedic regulations. If you want to stay somewhere near this library you can stay at hotel Alexandria for a nice comfortable stay and modern conveniences. There are also many pet friendly Alexandria hotels near by the place which can be booked in advance.

Pompeys pillar

This is an additional one of those venues of interest in Alexandria City which is definitely a must-see in your schedule. The Pompeys pillar in Alexandria is a 25 meter high column comprised of red Aswan granite. It has a radius of almost 4.5 meters and was established in memory of the renowned Emperor Diocletian. There are many galleries surrounding this pillar. If you are on vacation in Alexandria you can stay in the old town Alexandria hotel and relax here. You can leave your luggage here and then proceed to visit these galleries nearby. The types of pet friendly hotels Alexandria enables you to take along your favorite pet along during your trip!

National Museum of Alexandria

The Alexandria national museum contains more than 1800 old archaeological displays which are set in alphabetical order. The basement has been built in memoriam of the olden Pharonic as well as Prehistoric eras of the land, while the first and second floors are devoted to the famous Graeco-Roman era and the Islamic and Coptic eras respectively. Generally one day is not sufficient to go through the entire place and therefore the variety of Alexandria Virginia hotels can demonstrate to be good staying options here. There are many cheap hotels in Alexandria va which you can book beforehand before your visit to Alexandria.

The Amphitheater of Roman style

This innovative edifice resembles some of the antique architectural structures of ancient Rome. Within the compound you will find many interesting artifacts as well as statues displayed, making for an even more interesting view. The famous Alexandria Egypt hotel is a stunningly beautiful place to stay with a fine blend of ancient architecture and modern facilities. For further staying options you could either opt for the famous Alexandria la hotel or the Alexandria mn hotel. These are also unique places to stay in during your visit to Alexandria. If you are hunting for an accommodation with modern facilities and comfortable standards you can stay at the well-renowned Alexandria bay ny hotel. These are all good staying options during your trip to Alexandria.
